

“Spirit of the East”

The East Carolina Pirate Club in partnership with **CollegiateArt, Inc.** commissioned N.C. Artist Jeremy Sams to create the above painting. This compelling artistic print, depicts the well recognized East Carolina Pirate Ship with...Ghostly Pirate Spirits... leading the football team and Pirate Nation into battle through the purple haze of Dowdy-Ficklen Stadium. Central to the concept are spirit images integrated in a contemporary real life campus setting which has been developed in partnership with the institution. These powerful images capture the heritage, pride and emotion that embody ECU and major college athletics. Order your limited edition collectible print today:
